Assignment 3

1. Table should not be expanded when page loads
2. Submit button to be disabled and grayed out and it should not be clickable
3. Add New Student Button should add new student with dummy values and dummy values should be dynamically added e.g for row 4 the values will be Student 4, Teacher 4 etc. and for row 5 the values will be Student 5, Teacher 5 etc.
4. For newly added rows make sure existing CSS are applied too.
5. After successful add of the record display the pop-up message as Record added successfully (any user-friendly message is also fine) and display error message in case add of record addition failed.

	STUDENT	ADVISOR	AWARD STATUS	SEMESTER	TYPE	BUDGET #	PERCENTAGE
☐ ⬇	Student 1	Teacher 1	Approved	Fall	TA	12345	100%
☐ ⬇	Student 2	Teacher 2	Approved	Fall	TA	23456	100%
☐ ⬇	Student 3	Teacher 3	Approved	Fall	TA	34567	100%
